

Wastewater Treatment Fundamentals 1

Table of Contents for Course #2

Chapter 3 – Preliminary Treatment of Wastewater	55
Introduction	55
Screening	57
Grit Removal	78
Additional Pretreatment Considerations	93
Regulatory Considerations	97
Safety Considerations	97
Chapter Summary	99
Chapter Exercise	100
References	103
Suggested Readings	104
Chapter 4 – Primary Treatment of Wastewater	105
Introduction	105
Purpose and Function	106
Theory of Operation	107
Design Parameters	109
Expected Performance	110
Equipment	111
Process Variables	135
Process Control	141
Operation of Primary Clarifiers	151
Data Collection, Sampling, and Analysis	153
Maintenance	155
Troubleshooting	158
Records and Reports	162
Safety Considerations	163
Chapter Summary	164
Chapter Exercise	166
References	172
Suggested Readings	173
