

# Wastewater Treatment Fundamentals 1 – Liquid Treatment

## Table of Contents for Course #6

<b>Second Half of Chapter 8 – Activated Sludge (Part 2)</b> .....	<b>367</b>
Introduction .....	367
Purpose and Function.....	368
Theory of Operation .....	369
Section Exercise .....	378
Design Parameters .....	379
Expected Performance .....	380
Equipment .....	381
Section Exercise .....	398
Process Variables for the Activated Sludge Basin .....	400
Section Exercise .....	428
Process Control for Activated Sludge Basins .....	439
Section Exercise .....	449
Process Variables for Secondary Clarifiers .....	450
Process Control for Secondary Clarifiers .....	460
Section Exercise .....	463
Operation .....	464
Data Collection, Sampling and Analysis .....	469
Maintenance .....	491
Troubleshooting .....	491
Safety Considerations .....	521
Chapter Summary .....	523
Chapter Exercise .....	527
References .....	529
Suggested Reading .....	533
